

# Eco Living Tips

## Reduce, Reuse, Recycle

Practice the 3Rs to minimize waste. Reuse items where possible, and recycle paper, plastic, and glass.

## Save Water

Fix leaks, turn off taps when not in use, and use water-efficient fixtures to conserve this precious resource.

## Conserve Energy

Switch to energy-saving bulbs, unplug unused electronics, and use solar energy where possible.

## Go Green with Transport

Walk, cycle, or use public transport to reduce your carbon footprint.

## Plant Trees and Maintain Green Spaces

Trees absorb carbon dioxide, provide shade, and support biodiversity.

## Use Eco-Friendly Products

Choose biodegradable, non-toxic, and reusable products to reduce environmental harm.

## Support Local and Sustainable Products

Buy from local markets and support sustainable agriculture and businesses.

## Avoid Single-Use Plastics

Carry your own shopping bags, bottles, and containers to cut down plastic waste.
